Benefits & Insurances

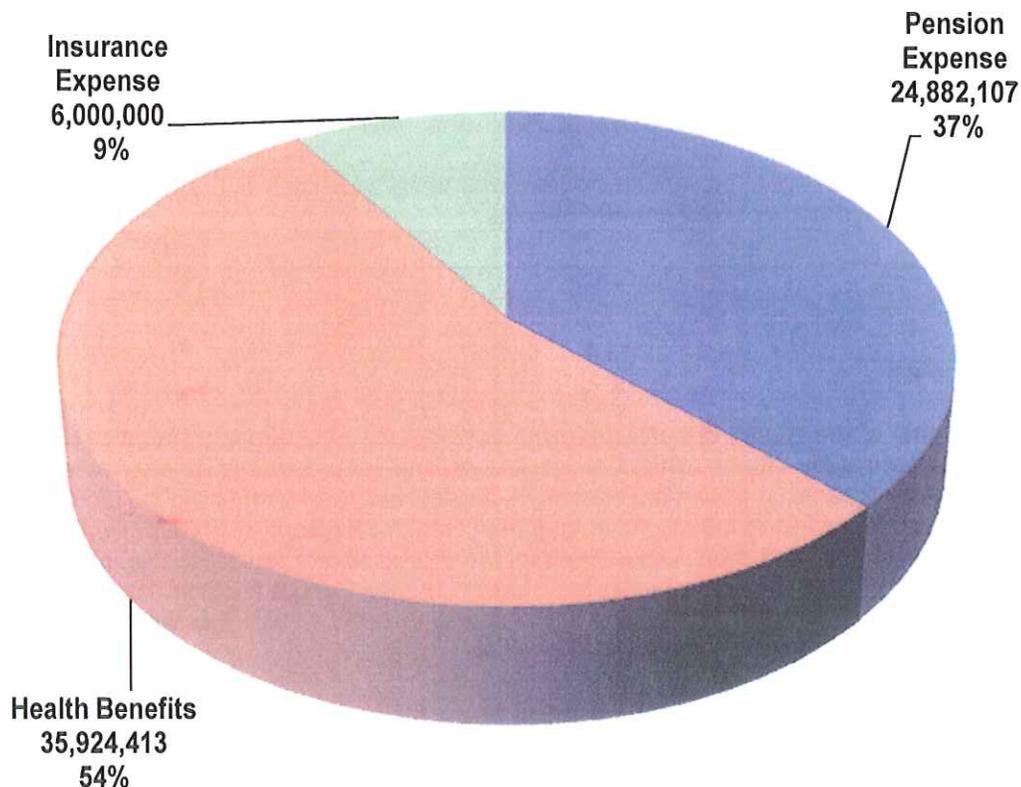

Significant Features:

The Adopted Budget for Fiscal Year 2011-2012 is \$66,806,520. This represents an increase of \$4,013,448 or 6.4% over the FY 10-11 Adopted Budget. The Pension Expense program increased \$5,621,568 or 29.2% due to substantial increases in City pension contribution percentages. The Health Benefits program includes funding for comprehensive health and group life insurance, worker's compensation, unemployment compensation, Other Post Employment Benefit (OPEB) liabilities and social security for municipal employees.

The Insurance Expense program showed an increase of \$99,691 or 1.7%. This program reflects premium costs and projected claims necessary to cover all Municipal and Library operations, as well as the Hartford Parking Authority against fire, auto liability, fidelity bonds and general liability, among other coverages. During Fiscal Year 2011-2012, Personnel Management policies will be implemented to reduce costs related to attrition thresholds by reviewing the fiscal impact of unfilled vacancies, retirements, separations from employment and potential employee concessions.

The Mayor and Council are confident that, working with employees and union leadership, we will be able to achieve reductions in expenses for benefits, pension contributions and departmental salaries.

Program Section:**Program:** Pension Expense

Program Goal: The goal of the Pension Expense Program is to provide details regarding retirement, disability, and survivorship benefits for retired municipal employees, in accordance with provisions subject to bargaining with unions representing most of the employees. Employee contributions are compulsory for all plans. An actuarial valuation survey is made annually on the City Municipal Employees Retirement Fund (MERF), and at least every five years for the Police Benefit Fund, the Firemen's Relief Fund, Retirement Allowance Fund, and the cost sharing State of Connecticut Plan (MERF-B). Pension funds also include funding for the excess benefit plan permitted under Internal Revenue Code Section 415. The Pension Expense program also tracks payments made to current employees who retire and have "cashed out" their vacation, sick and/or other benefits.

Program Services:

Program: Health Benefits

Program Goal: The goal of the Health Benefits Program is to include funding for comprehensive health and group life insurance, workers' compensation, unemployment compensation and social security for employees of the City of Hartford, the Hartford Public School System, the Hartford Parking Authority and the Hartford Public Library. The Hartford Public School System and the Hartford Public Library have budgeted Health Insurance in their respective entities. The City has established a self-insurance fund that more accurately reports on and accounts for the total costs associated with active and pensioned employees', which includes Municipal, Hartford Public School System, Hartford Public Library and the Hartford Parking Authority. During FY 11-12, the City intends to rebid health insurance along with other insurance expenses to minimize costs and maximize program efficiencies.

Program Services:

Name	Goal	Amount	Legal Mandate
Employee Life and Health Insurances	Provides life, hospital and major medical insurance for all municipal employees pursuant to various union agreements, Court of Common Council resolutions and State statutes.	24,329,413	√

Debt Service

Significant Features:

The Adopted Budget for Fiscal Year 2011-2012 is \$36,500,545. This reflects an increase of \$2,124,545 or 6.2% over the 2010-2011 Adopted Budget. The increase is primarily the effect of the new bond and Ban interest payments resulting from the FY 2010-2011 issuance of \$25M in bonds and \$45.3M in BANs (Bond Anticipation Notes) to finance the City's CIP (Construction Improvement Plan) program. The GILOT (Grant in Lieu of Taxes) debt service relates to a CBRA (Ct. Brownfields Redevelopment Authority) project with the University of Hartford that the City has funded.

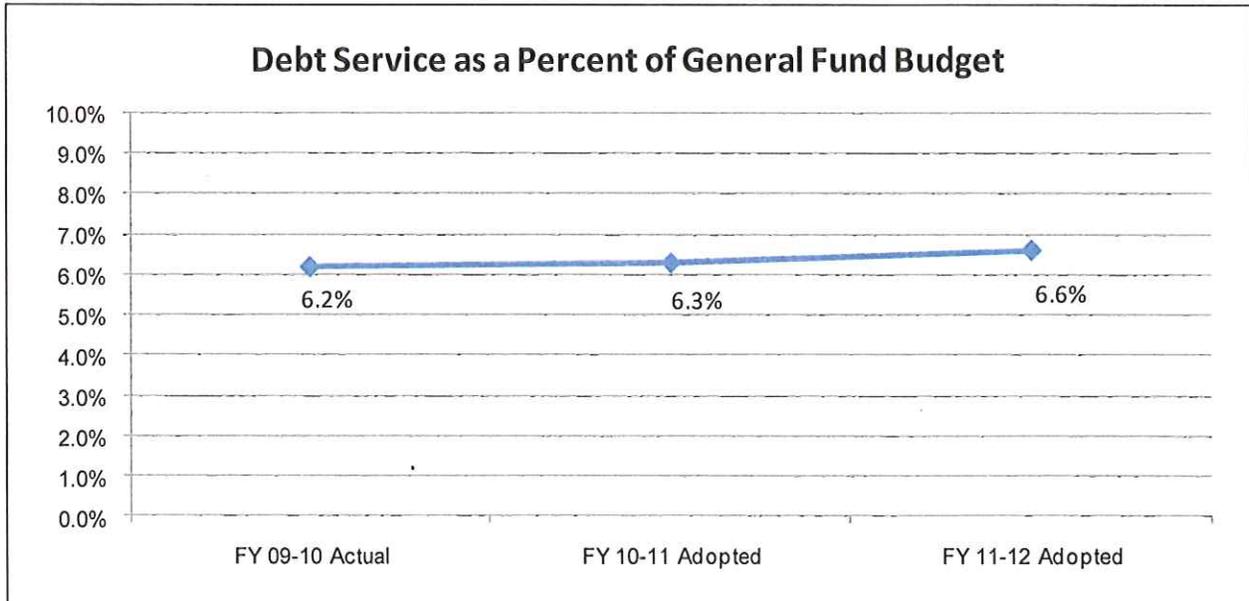

Debt Service is the cost of principal and interest payments on bond maturities and other obligations for the construction and renovation of schools, libraries, streets, public facilities and vehicles.

Non-Operating Department Expenditures

Significant Features:

The Adopted Budget for Fiscal Year 2011-2012 is \$31,600,091. This reflects a decrease of \$1,712,992 or 5.2% compared to the Adopted Budget for Fiscal Year 2010-2011. The net decrease is the result of transferring Special Events Overtime to operating departments, reducing Payments to Community Activity in the amount of \$400,000 by transferring those funds to Development Services under Arts Jobs Grant Program and reducing legal expenses by handling more in house legal services, offset by utilities increases.

Hartford Parking Authority

The Hartford Parking Authority ("Authority") is a quasi-public agency that was created in December 1998 by the Court of Common Council pursuant to Chapter 100 of the Connecticut General Statutes. The Authority's purpose is "to create, establish, finance, maintain, and operate the City-owned parking facilities and to manage and operate other regulated parking facilities." It is the Authority's mission to enhance existing and future land uses, support economic growth opportunities, and safeguard the City's investments in its parking facilities.

The Authority's adopted operating budget for Fiscal Year 2011-2012 reflects the Authority's strategic vision for the year. The adopted budget was prepared in accordance with the Authority's budget and fiscal policies and in cooperation with the City's Finance Department and the Office of Management & Budget, and has been approved by the Authority's Board of Commissioners.

The Authority's adopted budget for Fiscal Year 2011-2012 shows operating income of \$4.2 million, an increase of \$795,769, or 23.3%, from the prior year's budgeted operating income of \$3.4 million.

The Authority's Adopted Fiscal Year 2011-2012 budget looks to build on the success of FY 2010-2011 marketing efforts. Incentive rates for monthly parkers at the Morgan Street Garage were implemented as well as three pilot programs (Freebie Days, Loyalty Reward and Refer a Friend) designed to increase the awareness and usage of the Authority's garages and support downtown businesses. Strategic marketing efforts will continue in order to increase the number of corporate and validation accounts and to capture a greater share of short term and event parking. The Authority also plans to initiate dialogue with neighborhood commercial districts to see how on-street metering and enforcement could support business growth. In addition, the Authority will continue the on-street scofflaw enforcement program this coming year in conjunction with the Hartford Police Department. The program is aimed at repeat offenders and has proven to be an effective tool in improving collections and compliance.

A brief discussion of the major changes in the past year for each of the Authority's facilities follows.

Morgan Street Garage

Morgan Street Garage, the Authority's largest parking garage (2,290 spaces), has experienced a steady decline in the number of monthly customers over the past five years with monthly parking revenue falling from \$2.0 million in Fiscal Year 2005-2006 to less than \$300,000 (projected) in Fiscal Year 2010-2011. The move of the Morgan Street Garage's largest customer UnitedHealth Group from 450 Columbus Boulevard to City Place in June 2010 resulted in the loss of close to eight hundred (800) parkers at the Morgan Street Garage although a number of these are now parking at the Church Street Garage.

In order to stem the tide, the HPA will employ a long-term parking strategy at the Morgan Street facility that involves refunding non-taxable bonds with taxable bonds. This will allow the HPA to engage in long-term parking contracts with larger tenants in the downtown area. Currently, it can only engage in month-to-month deals. This strategy has the objective of filling the MSG garage's vacant spaces and returning the facility to profitability.

The Authority's marketing efforts have met with some success in the past year with small increases in the number of monthly parkers as well as the new short-term parkers. Efforts will continue in the upcoming year to attract greater numbers of monthly and short-term parkers.

Church Street Garage

Constructed in 1954, the Church Street Garage is the Authority's oldest but most active parking facility. As stated above, the Church Street Garage added a little more than seven hundred (700) UnitedHealth Group monthly parkers in June 2010 upon its move from 450 Columbus Boulevard to City Place. Church Street Garage will have monthly parkers in excess of stated capacity (1,438 monthly parkers as of March 1, 2011 compared to capacity of 1,299 spaces) and remains the Authority's key event based garage given its location next to the XL Center.

MAT Garage

The MAT Garage, named for its location between Main and Trumbull Streets, was built in 1975, and has a capacity of 907 vehicles, a reduction of 27 spaces following the expansion of the Hartford Stage Company within the structure. The MAT Garage has seen reduced monthly parking revenue over the past two years as parking demand from 20 Church Street (One Corporate Center) has declined. The Hartford Stage's closure during construction also impacted revenue in 2010. However, MAT Garage still has monthly parkers in excess of stated capacity (1,027 monthly parkers as of March 1, 2011 compared to capacity of 907 spaces).

On-Street Parking

The Authority's Pay-and-Display parking meters have generally been well received since their installation in October 2008. As an indication of the success of the Pay-and-Display parking meters, meter revenue has recovered to its level before rates were decreased 33% in 2007.
