The City Council's adopted budget for fiscal year 2011-2012 totals \$545,944,221 and will be financed from tax revenue of \$275,144,264 and \$270,799,957 in non-tax revenue. Tax revenue includes the current tax levy of \$259,394,264. The estimated October 1, 2010 taxable Grand List prepared by the City Assessor in accordance with Connecticut General Statutes, is \$3,738,377,678. An estimated collection rate of 93.95% will require a tax levy of 72.29 mills, or \$72.29 on each \$1,000 of assessed value. At this collection rate of 93.95%, the value of a mill is approximately \$3,512,206.

A tax analysis chart is included on page 6-3 of the budget book. The chart summarizes the calculation of the tax rate and outlines the actual and estimated adjustments made to the gross tax levy in order to arrive at the current tax budget line item. Adjustments reflect legal additions and deletions, decisions of the Board of Assessment Appeals, abatements for elderly tax relief, and those adjustments approved by the Committee on Tax Abatement as well as adjustments to the levy made necessary by tax appeal settlements.

Non-tax revenue includes income from licenses and permits, fines, forfeits and penalties, revenue from money and property, intergovernmental revenue, charges for services, reimbursements, and other revenues.

General Fund revenue in the City Council's adopted budget for fiscal year 2011-2012 is projected to increase by approximately \$1.5 million from the adopted budget for 2010-2011 fiscal year amount of \$544,442,155. This modest increase of 0.28% is primarily due to the Mayor's initiative to reduce the expenditure budget despite increases due to contractual obligations and pension costs and in order to meet the challenges presented by the current downturn in the federal, state, and local economies.

With approximately 45.6% of the City's revenue coming from intergovernmental revenues (state and federal grants), budgetary deliberations at the state and federal levels impact the City's revenue stream and its ability to provide services to the community and those that come to the City to work and enjoy the many cultural, recreational, and other activities; along with basic services, including medical, educational and other support services.

GENERAL PROPERTY TAXES

Current year property tax collection for the City Council's adopted budget for fiscal year 2011-2012 is projected at \$259,394,264 with an estimated tax collection rate of 93.95%. The October 1, 2010 taxable Grand List totals \$3,738,377,678 after the Board of Assessment Appeals revisions which is an increase of \$162.2 million from the 2009 adjusted grand list. Real property increased in value by 3.89%. The majority of this increase is due to the phase-in of the October 1, 2006 revaluation of the City, which was done in compliance with the Statutes of the State of Connecticut. In keeping with the recent State legislation allowing Hartford to provide residential tax relief, the assessment ratios for residential (26.17%) and apartment property (37.60%) are significantly below the standard 70% limiting the overall increase to 3.87%. The business personal property list is \$663,558,150, which is an increase of \$26.7 million from last year. The motor vehicles assessed value increased by .9% or \$2.4 million to \$264,267,236. The exempt real property grand list increased by \$336,682,507 to \$3,652,089,011, which is mostly due to the phase-in of the October 1, 2006 revaluation of all property. Also the City-owned property increased due to the current ongoing school construction.

Revenue from the collection of taxes levied in prior years is projected to yield \$4,900,000. Interest and lien fees on delinquent tax accounts are estimated at \$2,800,000.

The following table provides a summary of the calculation of the current property tax revenue budget.

How Your Hartford Property Taxes Are Calculated

For tax purposes, State Law requires that municipalities assess all property at 70% of its current fair market value. However, Hartford has received a waiver of that provision in order to provide property tax relief for residential property and also to allow for a phase-out of the commercial surcharge that has been in place since 1989. State legislation gives the City Assessor authority to establish different assessment ratios for both residential and non-residential real property. These ratios have been established - the residential rate is 26.17%; the apartment rate is 37.60% and the remaining property is assessed at 70%. Commercial and industrial real estate, as well as business personal property, are subject to a surcharge of 7.50%. Motor vehicles are assessed at 70% and no surcharge is levied. The resulting assessment is multiplied by the mill rate to produce the original tax.

Other Local Taxes

Prior to the 2009-2010 budget, real estate conveyance tax was included in a budget category referred to as "other local taxes". Effective for the 2009-2010 budget fiscal year, these Connecticut General Statute fees (Section 12-494(a)) have been moved to the "charges for services" budget category. Prior year(s) comparative information has not been restated to reflect this budget presentation change.

REVENUE FROM USE OF MONEY & PROPERTY

Revenue in this category is derived from three sources: investment earnings, rental income from City-owned property and income from development property in which the City is a partner or owns the land on which the development was constructed. The City Council's adopted budget for fiscal year 2011-2012 reflects a decrease of \$829,371 from the 2010-2011 Adopted Budget.

Income from Investments

As a result of the continuing economic downturn and less cash reserves, General Fund interest and investment earnings are projected to remain significantly below historic amounts. As a result the budget for fiscal year 2011-2012 is estimated to decrease by \$141,500 from the prior year's budget.

Income from the Use of Property

Income from the use of City-owned property is expected to increase by \$291,744 from the adopted budget for fiscal year 2010-2011. This is primarily attributed to the increase of rental income for the rent reimbursement from the Pension Commission for their portion of the operating expenses at Constitution Plaza.

Income from Development Property

Revenue in this category has a net decrease of \$979,615. The sale of property known as Shepherd Park closed in fiscal year 2010-2011 and accounts for \$1.5 million of the projected decrease.

INTERGOVERNMENTAL REVENUE

The City Council's adopted budget for fiscal year 2011-2012 estimates revenue in this category will decrease by approximately \$2.5 million from the 2010-2011 adopted budget. This is primarily attributed to the reduction of transportation grant revenue.

State grants-in-aid reflect a net decrease of \$2.7 million as compared to the prior year budget. The net decrease is primarily the result of decreases in the education transportation formula grant funding and the reimbursement for prior school building construction cost.

Payment-in-lieu of Taxes

Payment-in-lieu of taxes (PILOT) revenue in the City Council's adopted budget for fiscal year 2011-2012 represents a net increase from the 2010-2011 adopted budget from \$46.2 million to \$46.4 million. Beginning in 2009-2010, the Hartford Parking Facilities Enterprise Fund pays the debt service and the General Fund revenue budget will include only the net revenue generated by the Hartford Parking Authority, which pass through the Hartford Parking Facilities Enterprise Fund. In fiscal year 2011-2012 the Hartford Parking Authority will implement a strategy to increase its market share and competitiveness by allowing it to engage in long-term parking contracts. This will increase Morgan Street Garage occupancy considerably and return it to profitability.
