The Mayor's Recommended Budget for fiscal year 2012-2013 totals \$546,640,339 and will be financed from tax revenue of \$261,808,778 and \$284,831,561 in non-tax revenue. Tax revenue includes the current tax levy of \$243,858,778. The estimated October 1, 2011 taxable Grand List prepared by the City Assessor in accordance with Connecticut General Statutes, is \$3,534,226,815. An estimated collection rate of 93.95% will require a tax levy of 75.30 mills, or \$75.30 on each \$1,000 of assessed value. At this collection rate of 93.95%, the value of a mill is approximately \$3,320,406.

A tax analysis chart is included on page 6-3 of the budget book. The chart summarizes the calculation of the tax rate and outlines the actual and estimated adjustments made to the gross tax levy in order to arrive at the current tax budget line item. Adjustments reflect legal additions and deletions, decisions of the Board of Assessment Appeals, abatements for elderly tax relief, and those adjustments approved by the Committee on Tax Abatement as well as adjustments to the levy made necessary by tax appeal settlements.

Non-tax revenue includes income from licenses and permits, fines, forfeits and penalties, revenue from money and property, intergovernmental revenue, charges for services, reimbursements, and other revenues.

General Fund revenue in the Mayor's Recommended Budget for fiscal year 2012-2013 is projected to decrease by approximately \$1.2 million from the revised budget for 2011-2012 fiscal year amount of \$547,836,766. This modest decrease of 0.22% is primarily due to the Mayor's initiative to reduce the expenditure budget despite increases due to contractual obligations and pension costs and in order to meet the challenges presented by the current downturn in the federal, state, and local economies.

With approximately 47.9% of the City's revenue coming from intergovernmental revenues (state and federal grants), budgetary deliberations at the state and federal levels impact the City's revenue stream and its ability to provide services to the community and those that come to the City to work and enjoy the many cultural, recreational, and other activities; along with basic services, including medical, educational and other support services.

GENERAL PROPERTY TAXES

How Your Hartford Property Taxes Are Calculated

For tax purposes, State Law requires that municipalities assess all property at 70% of its current fair market value. However, Hartford has received authority to assess residential real estate and apartments at lower assessment rates in order to regulate the shift in property tax burden to these types of property following revaluations. If pending legislation passes, the residential ratio will be set at 30.5% on the 2011 Grand List and the apartment ratio will be set at 60%. Commercial and industrial real estate, business personal property, and motor vehicles are assessed at 70%. The resulting assessment is multiplied by the mill rate to produce the original tax.

Other Local Taxes

Prior to the 2009-2010 budget, real estate conveyance tax was included in a budget category referred to as "other local taxes". Effective for the 2009-2010 budget fiscal year, these Connecticut General Statute fees (Section 12-494(a)) have been moved to the "charges for services" budget category. Prior year(s) comparative information has not been restated to reflect this budget presentation change.

The net increase is mostly due to reimbursements of \$9 million dollars for prior school building construction costs and \$700,000 for the Property Tax Relief Grant which is funded by the increase in the sales, luxury and conveyance tax from the state. The additional \$4.8 million dollars which is available for Education Cost Sharing to the Hartford Board of Education through competitive funding from the state has not been included in our revenue estimates for fiscal year 2012-2013.

* Prior to the 2009-2010 fiscal year budget, the debt service for Morgan Street Parking Facilities was budgeted in the General Fund. Beginning in 2009-2010, the Hartford Parking Facilities Enterprise Fund pays the debt service and the General Fund revenue budget will include only the net revenue generated by the Hartford Parking Authority, which pass through the Hartford Parking Facilities Enterprise Fund. In fiscal year 2012-2013 the Hartford Parking Authority will implement a strategy to increase its market share and competitiveness by allowing it to engage in long-term parking contracts. This will increase Morgan Street Garage occupancy considerably and return it to profitability.

ESTIMATED AND ACTUAL USE OF GENERAL FUND - FUND BALANCE (CASH SURPLUS)

Financing the Mayor's recommended budget for fiscal year 2012-2013 will not require an allocation from the City's General Fund – unassigned fund balance (prior year cash surplus). As presented, the Mayor's Recommended Budget for fiscal year 2012-2013 presents a balanced relationship between projected revenues and estimated expenditures.
