**FY 2015 Grant Awards by Department  
as of April 1, 2015**

Grants to the City of Hartford fall under two major categories: 1) formula/entitlement 2) competitive.

### FY 2015 Grant Awards by Category

as of April 1, 2015

To date, 70% or approximately \$73 million of the City's FY 2015 grant funds received to date are formula/entitlement in nature, meaning that the City receives grant funding on an annual basis according to a predetermined formula or application. These grants include School Readiness, LOCIP, Community Development Block Grant, Ryan White and Section 8. Formula/entitlement grants currently fund the salaries and benefits for approximately 73 full-time equivalent positions. The allocation of formula/entitlement grants to the City of Hartford remains stable.

The remaining 30% or approximately \$31 million of the City's FY 2015 grant funds received to date are competitive grants which are applied to and awarded based on the funder's guidelines. Competitive grants currently fund the salaries and benefits of approximately 39 full-time equivalent positions.

Significant grants awarded during Fiscal Year 2015 include:

***CT DECD Brownfield Grants***

- \$ 55,000 – Batterson Park
- \$112,000 – Flatbush/Parkville

***CT Department of Energy and Environmental Protection***

- \$100,000 – Improvements to the East Lawn of Elizabeth Park
- \$500,000 – Improvements to Cronin Park

***CT Department of Transportation/Federal Pass Through***

- \$1,057,012 – Technical rescue trailer and equipment, SCBAs

- \$3,634,605 – COPS V hiring of 10 police officers

***U.S. Housing and Urban Development***

- \$3,900,000 - Lead-Based Paint Hazard Control and Lead Hazard Reduction Grant

The City currently has 8 submitted grant applications totaling approximately \$3.6 million awaiting funding decisions, and more than 10 in the development stage, totaling another \$8.3 million.

The City also has a federal Promise Zone application pending. In his 2013 State of the Union address, President Obama announced that he would designate 20 Promise Zones nationwide: urban, rural, and tribal communities where the Administration would partner with local leaders to create jobs, increase economic activity, improve educational opportunities, and reduce violent crime. On January 9, 2014, the first Promise Zones were announced; they are located in San Antonio, Los Angeles, Philadelphia, Southeastern Kentucky, and the Choctaw Nation of Oklahoma.

Promise Zones will have increased access to investments that target job creation, economic activity, improved educational outcomes and community safety. Promise Zones will receive priority in federal funding competitions for signature investments and grant programs, such as Choice Neighborhoods, Promise Neighborhoods and Byrne Criminal Justice Innovation programs. In addition, technical assistance is provided to assist communities with navigating a range of federal programs.

The City of Hartford collaborated with U.S. Senator Chris Murphy, the United Way of Central and Northeastern Connecticut, City department heads and other community stakeholders to submit a Promise Zone application in support of the Clay Arsenal, Northeast and Upper Albany neighborhoods of Hartford's north end community (census tracts 5009, 5012, 5013, 5014, 5015, 5017, 5018, 5035, 5037 and 5244). These neighborhoods would significantly benefit from increased federal investment and are primed for revitalization, increased economic activity and improved quality of life. The City of Hartford eagerly awaits the Administration's expected late Spring announcement.

The City has also continued its efforts to diversify and increase funding sources through successful applications to private, non-government funders. The City's efforts this year include the following:

***Bloomberg Public Art Challenge***

3/13/15 - Hartford's "Subject Matter," a temporary public art project proposal by artist Nari Ward, is among 12 finalists chosen by Bloomberg Philanthropies out of a pool of 237 to compete for up to \$1 million. Results expected in May or June.

***ESPN/DISNEY Access to Sports Grants***

\$25,000 – Awarded for the Recreation Division's Little Soccer Stars League

***ESPN/DISNEY/National Recreation and Parks Association***

On April 1 people from across the U.S. will be invited to "write in" their favorite park for a chance for it to win a \$20,000 grant. There are 15 cities competing, and Hartford was allowed to submit three proposals. Results expected in May.

***Hartford Foundation for Public Giving***

\$75,000 – Awarded to HHS for new furnishings in North End Senior Center

***Scotts Gro1000 Garden and Green Spaces Program/USCM***

\$40,000 – Awarded to the Mayor's Office to increase the number of green spaces and community gardening in the city.

**Grant Expenditures**

The report following this section represents the Fiscal Year 2016 grants expenditure forecast with comparisons to FY 2013 actual, FY 2014 actual, and FY 2015 forecast and year end estimate. Multiyear

grant awards and amounts are provided for informational purposes in the grant description. It is important to note that several of the City's grants are awarded for multiple year terms, with expenditures incurred among current and future fiscal years. Approximately 119 full-time equivalent positions will be funded by grants in Fiscal Year 2016.

## **Donations and Contributions**

The City receives miscellaneous donations and contributions, and while not a significant percent of overall revenue, does support specific activities. These funds can reasonably be expected to continue during Fiscal Year 2016. Receipts as of April 1, 2015 include:

<u>Program/Activity</u>	<u>FY 2015 Receipts</u>
Dial-a-Ride	15,621
Elderly Nutrition Program	11,394
Hartford Children's Trust Fund	201
Healthy Hartford Campaign	6,300
HHS Special Events	5,738
McKinney Shelter	6,005
Northend Senior Center	12,590
<u>Southend Senior Center</u>	<u>12,359</u>
Total	54,587

## **Section 108 Loan Guarantee**

Section 108 is the loan guarantee provision of the Community Development Block Grant (CDBG) program. Section 108 provides communities with a source of financing for economic development, housing rehabilitation, public facilities, and large-scale physical development projects. This makes it one of the most potent and important public investment tools that HUD offers to local governments. It allows them to transform a small portion of their CDBG funds into federally guaranteed loans large enough to pursue physical and economic revitalization projects that can renew entire neighborhoods. Such public investment is often needed to inspire private economic activity, providing the initial resources or simply the confidence that private firms and individuals may need to invest in distressed areas.

The City of Hartford currently holds Section 108 loans on the following development projects:

- **Burgdorf Health Center**  
Amount of Note: \$1,375,000  
Principal Remaining: \$420,000  
Term End: August 1, 2016
- **Hilton Hotel**  
Amount of Note: \$7,000,000  
Principal Remaining: \$7,000,000  
Term End: August 1, 2030
