PUBLIC NOTICE
CITY OF HARTFORD
ELECTRONIC MONITORING

Pursuant to Public Act. No. 98-142, the City of Hartford may engage in the electronic monitoring of some of its employees' activities.

- I. That the following types of electronic monitoring of City employees may occur:
 - i. The content of the radio conversations between employees.
 - ii. The content of all electronic mail ("E-Mails").
 - iii. The use of "card keys" to enter City offices (record the number of times a person goes into a building).
 - iv. The filming of employees in public places by security cameras.
 - v. The maintenance of a record of the telephone numbers contacted by employees in all in-coming and out-going telephone calls, and a record of the duration of these calls.
 - vi. The tracking of dates and times when authorized City employees activate and deactivate the Security Management System ("SMS") Access Control Motion Detectors.
