(May 9, 2011)--- The City of Hartford and Fire Chief Edward Casares, Jr. want to make the community aware that Engine 10, located at 510 Franklin Avenue, will be temporarily closed for renovations for approximately 90 days beginning Tuesday, May 10, 2011.

The \$677,970 project consists of asbestos abatement, door and window replacement, and a new kitchen as well as upgrading mechanical, electrical, and lighting functions.

During this time period, HFD Engine 10 will relocate to Engine 1's Fire House at 197 Main Street. Engine 1 will be housed at HFD Headquarters at 275 Pearl Street.

"Public safety is paramount. These renovations are important health, safety, and energy efficiency upgrades that will provide considerable savings to the City and more importantly will help the brave men and women of the Hartford Fire Department do their jobs to serve and protect the people of this great city," said Mayor Pedro E. Segarra.

"I want to reassure our residents that there will be no lapse in public safety during this transitional period," said Chief Casares.
