HARTFORD'S POTHOLE PATROL IS ON THE ROAD

---NEWS AND COMMUNITY RELEASE---

(May 2, 2011) --- Hartford's Pothole Patrol is hot patching as we speak. Two Department of Public Works trucks are out each day in the North End neighborhoods; two each day in the South End neighborhoods; and one truck is dedicated to the Central Business District and the West End.

“After the historic snow fall we received this past winter, Hartford is now in the midst of a full court press to fill the potholes left behind. Everyone has a part to play in making sure our streets don't have craters in them that slow commutes and snarl traffic. This is a very important quality of life issue for our residents, employees, and visitors. If you see a pothole that needs to be filled, call 311 or (860) 757-9311 so that that pothole can be documented and patched within 100 hours,” said Mayor Pedro E. Segarra.
