**CITY SUPPORTS RATE REDUCTION
AT MORGAN STREET GARAGE
---NEWS AND COMMUNITY STATEMENT---**

(July 28, 2010)--- Mayor Pedro E. Segarra issued the following statement regarding the Hartford Parking Authority's announcement today of rate reduction for monthly parkers at Hartford's Morgan Street garage:

"A lower monthly rate will help stimulate the local economy by attracting more businesses to the area and providing employees of those businesses with a more reasonable cost. If more local workers are using this facility, then that provides the opportunity for a ripple effect to other businesses like restaurants and entertainment venues--- as more people frequent these establishments that too can help grow our Capital City. The biggest plus is the positive word of mouth from ambassadors of our city stating what a great place to work and play Hartford is and that more people should come and enjoy it," said Mayor Segarra.
